

**Title** **GCSE Art and Design Photography**

For more information, please consult:  
Mr M Sutherland or G Wright, Director of Arts  
gwright@gilesacademy.co.uk

**Examination Board:** Pearsons Edexcel

**Qualifications:** GCSE Art and Design: Photography

**Tiers** N/A

**Grades:** 1-9

**Introduction:** Photography is an important art and design area, with photography being used in a wide range of industries and including portraiture, fashion photography, advertising and fine art work.

**What will I study each year?**

- Y9** In Y9 you will begin with gaining an understanding of photography as art through studying the work of artists. You will complete 5 major projects during the year, including portraiture, still life and one of these projects will be about investigation the art of different cultures. You will begin to understand how to use the Photoshop computer software. You will experiment using the art departments cameras and understanding how they work, and you will also use the photographic studio and the studio lights. In the final project of Y9 you will be given more freedom to develop your own project.
- Y10** In the second year of your course you will complete work that may contribute towards your GCSE final coursework (Personal Portfolio) marks. The best project work from Y10 will be included in your final Personal Portfolio. In Y10 you will develop further your general art and design skills through completing 3 major coursework projects. These vary from year to year depending on the teaching group and on the availability of exhibitions to visit.
- Y11** In the final year you will complete your final Personal Portfolio project working on a given title. In this project you will be given a lot of freedom to develop your own ideas. From January onwards you will be completing your GCSE Examination project which is completed in May with a 10 hour examination (Externally Set Assignment).

**How will my work be assessed?**

Your work will be assessed against the GCSE assessment criteria. There are 4 of these and each carry 25%. The same criteria are used to mark the Personal Portfolio and the Externally Set Assignment. The final grade is worked out by combing the marks of both units of work, with the

Personal Portfolio carrying 60% of the total marks and the Externally Set Assignment carrying 40%.

### **Why study Photography?**

The Art Department now have a professional standard photographic studio for students to use including studio lights, backdrops and props.

The Art Department has over 40 digital cameras for student use, including state of the art DSLR cameras.

All students who choose this option will study GCSE Art and Design (Photography) course. This includes the production of both coursework and an external examination.

This course is taught using the latest PC computers and industry standard applications including Photoshop.

Those students who do very well during the course and are willing to do extra work also have the opportunity to complete an Edexcel GCSE in Art and Design (Digital Graphics).

This course can lead onto all of the Sixth Form art courses that the school offers, and from there onto university studies.

### **Extra-curriculum activities**

You will have opportunities to work with artists and to exhibit your work in the Art Department gallery. Visits to galleries will be organised and you will have a chance to complete the ArtsAward additional qualification.

### **What would this subject enable me to do when I finish school?**

Students can progress on to Level 3 courses in the Giles Sixth Form. The Giles offers courses in Art and Design, Graphic Design, Photography and Combined Arts. The Art department has also produced a career guide that will be available on the website and also for you to collect.
