

Kit List

This kit list is to ensure that your child is adequately prepared for the anticipated weather conditions. We have good quality waterproof mountain coats and waterproof trousers to borrow, and a limited selection of walking boots.

By turning up to the Academy in the outdoor clothing, we can immediately see that everyone has the correct kit, also it will save a great deal of time on arrival, allowing us to start activities quickly.

As space on the minibuses is limited, please pack the remaining kit into a small holdall. A small backpack should be used for the packed lunch and then afterwards on the activities.

Giles Academy does not accept responsibility for personal possessions, and Mobile phones, iPods, etc. will not be allowed on any activities.

If you have any questions, please do not hesitate to contact the Academy.
