Giles Academy

is now part of the highly successful South Lincolnshire Academies Trust (SLAT)

We truly believe that the education we offer at Giles Academy will now be exceptional ... as is every one of our students.

Experienced in leading non-selective secondary schools we pride ourselves on being able to provide a personalised approach that best meets the needs of each and every individual child.

Our belief is that Giles Academy is now a learning centre that encourages students to *Aspire, Challenge, Achieve* and as part of the wider family of the South Lincolnshire Academies Trust, we have access to strong professional partnership links and outstanding educational thinking.

The school has myriad opportunities for children to access study support and extra-curricular programmes,

often involving working closely with the local community, particularly in sport and the arts – including music, performance and the visual arts.

We expect students to work hard and be committed to learning and we believe in high challenge that is coupled with high support, including exceptional pastoral care. We also demand high standards of behaviour that allow effective learning and teaching to take place.

Our high expectations for teaching and learning, uniform standards, behaviour and student leadership programmes all show that Giles Academy is aspiring to be outstanding in all we do.

It is an extremely exciting future for Giles Academy and all of our students!
